

STUDENT SATISFACTION SURVEY ANALYSIS

An online Student Satisfaction Survey was conducted by Cochin University of Science & Technology. The blind survey was conducted between August 1- 15, 2021 for the Academic year 2020-2021. A random sample of 250 students across various academic programs were chosen by simple random sampling. A questionnaire was prepared focusing on the overall support received by the student on various parameters including handling the pandemic situation. The survey was conducted via the google form platform. The questionnaire had ten significant questions pertaining to student satisfaction. The responses were on a linear scale. The questionnaire and the analysed responses are presented below.
