

REPORT ON SECOND SIR JC BOSE MEMORIAL TALK ON “OUR MINDS AND CREATIVE MINDS”

Second sir JC Bose memorial talk on “our minds and creative minds” was jointly organized by IEEE AP-S, MTT-S, EMBS Kerala Chapter, RFID Council and Department Of electronics cochin university of Science and Technology on 12th January, 2024 at auditorium, Department Of Electronics, CUSAT. The talk was delivered by Prof. Debatosh Guha, FNA, FASc, FNASc, FNAE, IEEE Fellow, Abdul Kalam Technology Innovation National Fellow Adjunct Professor, National Institute Of Technology, Jaipur. He works as Professor in the Institute of Radio Physics and Electronics, Kolkata. His research areas are developing microstrip and dielectric resonator antenna technologies, Defected Ground Structure (DGS) -integrated antenna.

In the talk he discussed about the contributions of renowned scientists like J. C. Maxwell, Heinrich Hertz, Ampere and he also discussed the evolution of electromagnetic induction starting from the concept of acceleration of charges. He also described about the concept of electric bulbs, generators, motors. He concluded with the importance of hard work and perseverance.

The talk was very much inspiring for the audience having 50 members and they interacted very well with the speaker.
