

CTPS & EPOCH 2024

National Conference &
Technical exhibition

on

Current Trends in Polymer Science

Focal Theme

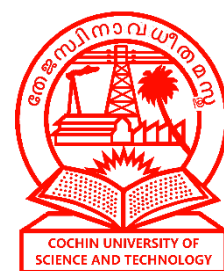

Materials for
Sustainable Development

Date

CTPS 28th October, 2024
EPOCH 29th & 30th October, 2024

Venue

Dept. of Polymer Science and Rubber Technology

Organized by

Department of Polymer Science & Rubber Technology
Cochin University of Science & Technology
Kochi - 682 022, Kerala

EPOCH

EPOCH is a National Technical Exhibition organized by the Department of Polymer Science Rubber Technology, CUSAT, since 2019. It is conducted in collaboration with alumni from industry and academia, with the goal of inspiring young and bright minds in the exciting and limitless world of polymer science and technology.

The two days programme cover the recent advances in the field of polymer technology. The programme involves parallel technical sessions by the industrial experts and technical exhibitions on various aspects of research development and applications of polymer materials for the sustainable future. A wide range of participants from schools, colleges and universities take part in the event. As part of the EPOCH- 2024, a technical quiz competition is also conducted separately for the school and college students. ,

Co-ordinator: Dr. Sari P. S.

CTPS 2024

The conference is scheduled to be held on 28th October 2024. Organized regularly, the conference series has been attracting students and researchers. It serves as a platform for presentation and exchange of knowledge cutting across the realms of polymer science and technology. As a meeting point for practicing technocrats and academicians, this conference also offers an opportunity for fostering fruitful industry - academia interactions.

Cochin University of Science and Technology

Cochin University of Science and Technology (CUSAT) was established in 1986 reorganizing the erstwhile University of Cochin (estd. in 1971) by the Government of Kerala with the specific purpose of development of higher education with particular emphasis on post graduate studies and research in applied science, technology, industry and commerce. The basic philosophy and goals of the University find eloquent expression in its coat of arms emblazoning the motto "Tejaswi navadhi tamastu" which in essence means may the wisdom accrued deify us both - the teacher and the taught - and percolate to the universe in its totality. The University has contacts and collaborative tie-ups with several other Universities and Institutions within India and abroad. The University has three campuses: two in Kochi and one in Alappuzha.

Speakers

Prof. Kuruvilla Joseph
IIST Trivandrum

Dr. Bhoje Gowd E.
NIIST, Trivandrum

Prof. Sreekala M. S.
M G University

Dr. S. Anas
M G University

Dr. Johnsy George
DRDO, Mysore

Dr. Lynda V. Thomas
SCTIMST, Trivandrum

Department of Polymer Science and Rubber Technology

Established in 1971, the Department of Polymer Science & Rubber Technology is one of the pioneer institutions in India to offer full-fledged four year B.Tech, 2 year M.Tech, Ph.D and post-Doctoral programmes in Polymer Science and Technology. The Department has currently 26 research students enrolled. 135 scholars have been awarded Ph.D. degrees till now. The alumni of the department adorn top echelons in leading polymer industries in the country and abroad.

For Registration (No Registration Fee)
