ORDER

GITA-DST project titled "Novel Heterocyclic Hole Transporting Materials (HTM) for Perovskite Solar Cell Applications", was implemented in the Centre of Excellence in Advanced Materials with the Department of Physics & Department of Applied Chemistry as participating departments for a period of three years with effect from 19.02.2020 under the Principal Investigatorship of Dr. N. Manoj, Professor, Department of Applied Chemistry, vide the U.O read as paper (1) above.

GITA has informed vide e-mail read as (2) above, that the the competent authority has approved the No-cost extension of the tenure of the project till 31.03.2024

Dr. N. Manoj, Principal Investigator of the project has requested for the extension of the GITA-DST project till 31.03.2024 in the University, vide letter read as paper (3) above.

Considering the above, sanction is accorded to extend the period of GITA-DST project titled "Novel Heterocyclic Hole Transporting Materials (HTM) for Perovskite Solar Cell Applications" implemented in the Centre of Excellence in Advanced Materials with the Department of Physics & Department of Applied Chemistry as participating departments, under the Principal Investigatorship of Dr. N. Manoj, Professor, Department of Applied Chemistry, till 31.03.2024, without any additional cost.

The U.O read as (1) above stands modified to this extent.
