

Dr. Thomas Kurian (CSIR-Emeritus Scientist) has participated in the the **Indian Rubber Manufacturers Research Association's (IRMRA) 24th Rubber Conference and Expo** during **22nd & 23rd September 2023 at Chennai** on the theme of "Sustainability and Circular Economy - Challenges and Opportunity for Rubber Industry". And **presented (oral) the research paper** entitled "Manufacture of Rubber Compounding Additives by the Chemical Recycling of Post-consumer PET Bottle Waste".

(I have chaired a session on Sept.21, 2023. I am unable to find the memento. They did not give certificate. Apparently misplaced the documents, as I left for Kgp immediately after the conference.)
