

COCHIN UNIVERSITY OF SCIENCE AND TECHNOLOGY

CUSAT MEDICAL CENTRE

CUSAT Medical Centre is established with the support of Rs. 23.75 lakh of CSR Funding of Cochin Shipyard Ltd. This support was received by CUSAT for setting up of primary health care facility at the campus which is open to the community as well.

The Medical Centre for students is one of the primary requirements to ensure sound physical and mental health of the students and staff in the University. The Centre works as the first port of call to a qualified medical professional backed by facilities to provide preliminary treatment for sick students and staff.

Services offered at the health Centre

- Medical Doctor and Nursing Services:
- Emergency services during university working hours: appropriate management of injuries and accident, First Aid, Stabilisation of the condition of the patient before referral, Dog bite/snake bite cases, and other emergency conditions.
- In patient Services - 8 beds to provide glucose drips, nebulisation etc. (separate for girls and boys)
- Counselling services –For students with mental health problems

COCHIN UNIVERSITY OF SCIENCE AND TECHNOLOGY
