FACULTY CO-ORDINATOR:
DR. ANEESH V. PILLAI
ASSISTANT PROFESSOR
SCHOOL OF LEGAL STUDIES, CUSAT

STUDENT CO-ORDINATORS:
KRISHNAPRIYA SREEKUMAR, BBA LL.B
ASHA POORNA, BBA LL.B

ABOUT THE COURSE

The exploration and utilization of outer space have always fascinated humanity, leading to remarkable achievements in scientific discovery, technological advancements, and space missions.

As our presence in space continues to expand, it is crucial to establish legal frameworks that govern our activities beyond Earth's atmosphere. **The Certificate Course on Outer Space Law** is designed to provide participants with a comprehensive understanding of the legal principles and regulations that govern space exploration, commercial space activities, and international cooperation in space.

Whether you are an aspiring space lawyer, a professional in the aerospace industry, or simply someone intrigued by the legal dimensions of outer space, this course will equip you with the necessary knowledge and skills to navigate the complex field of Space Law.

Throughout the course, participants will engage in interactive learning experiences, case studies, and discussions to deepen their understanding of Space Law. You will be able to analyze real-world scenarios and examine the legal frameworks governing space activities conducted by different nations and international organizations.

Furthermore, you will explore the ethical considerations associated with space exploration and the role of Space Law in preserving the peaceful use of outer space for the benefit of all humankind.

By the end of the course, participants will have developed a strong foundation in Space Law, enabling them to navigate the legal complexities of the space industry and contribute to the development of policies and regulations that shape our activities **beyond Earth.**
