About Bishop Chulaparambil Memorial College

Bishop Chulaparambil Memorial College (BCM College) was established as one among the earliest colleges for women in Kerala, in 1955, by a priest true to heaven and an educationalist concerned with the progress of the world, His Excellency Bishop Thomas Tharayil. Bishop was a pioneer in women's education in the Christian Community of Central Travancore. Bishop founded this institution in honour of his illustrious predecessor, His Excellency Bishop Alexander Chulaparambil with a vision that women's education was the key to social progress. Prof. V. J. Joseph was the first principal of the college. Located in the central area of Kottayam, the college aims to empower and liberate women through education.

Presently, the college provides sixteen undergraduate programmes and eight postgraduate programmes. The college is equipped with 37 ICT-enabled smart classrooms, 2 seminar halls, an educational theater for interactive learning, well-equipped laboratories, a modern central library, and various other amenities. From its humble beginnings, the college has made steady progress and is now one of the foremost Women's Colleges in Kerala re-accredited by NAAC with A+ grade (3.46 CGPA) in 2023.
